IS A TOWEL**

**Sunport Gardens ([www.sunportgarden.com](http://www.sunportgarden.com))**

**What could be more fun than to feel the sun and water on your skin?**

**C**ome to Florida, where year-round sunshine is the norm and social nudism is an increasingly popular way to enjoy it. Escape for a day or a vacation.

The Florida Association for Nude Recreation welcomes you to the natural alternative—from luxury condos and ocean cruises to country inns, motel suites, campgrounds, and sandy beaches.

Throughout Florida, well-managed clubs offer accommodations for families, couples, and singles. And many are near Florida's world-famous tourist attractions.

Whether you seek a healthy body through nude sports and fitness programs, or just an alternative to your usual vacation, leave the textile world behind. A clothes-free holiday is yours to enjoy.

**It's one of the healthiest trends of our times**

**T**he Roper organization has reported that more than 40 million Americans have skinny dipped in mixed company. Luxuriating clothes-free in the warm sun and swimming without a suit are today's natural choices for relaxing, developing a positive body image, and relieving stress.

As nude recreation becomes more widely accepted, people everywhere are discovering it as one of the healthiest trends of our times.

**Sharing the nudist philosophy**

**S**ocial nudists appreciate the natural lifestyle for a variety of reasons. But whatever our individual interests, we all share the nudist philosophy of dignity and mutual respect. Members from diverse backgrounds accept us for who we are inside, not for our physical size, shape, or condition.

Far from worrying about our appearance, we become comfortable with ourselves as we really are—and our own self-esteem is enhanced in the process. (Try it! You'll see!) Our children growing up in this atmosphere learn confident, healthy self-acceptance.
