

# The Youth Camps That Everyone Is Talking About

Youth of all ages are invited to spend a week of summertime fun.

## Mission Statement:

- To participate in a healthy, family nudist environment.
- To educate and inspire future nudist leaders.
- To offer graduates the opportunity to be ambassadors to other nudist youth.
- To establish AANR as a premier information source on nude recreation for youth.

I think it is really cool that there are people attending this camp from different countries and states.

—Kyle, 14 years old

When I first got to camp I was a little unsure whether I was going to make it through the whole week, but now it makes me sad to know I have only two days left. I have made some of the greatest and coolest friends.

—Ashley, 16 years old

The games and activities that we did here were really fun, and some of them taught me some good things to know. Every day we went swimming and had an assortment of games to play in the pool. We went on a field trip, had movie night, and made a piñata in arts and crafts.

—Jacob, 13 years old

Coming to camp has been really good for me. I am happier now than I have been since my dad died. I am laughing again and having fun.

Yesterday everyone from camp went to a water park with clothes on. When we got back I still wanted to go swimming because at the water park I couldn't be naked. The freedom to be nude is wonderful!

—Scout, 11 years old

When my sister got back from camp she had a sudden urge to tell the world exactly where she went!

Being a nudist has helped me be more confident of myself. I am not afraid that everyone will laugh at me at a nudist camp, because I know that they won't.
